

Please know I fully support XM Satellite Radio. It provides me with variety and quality radio not available elsewhere from my car....and soon to be in our home and Motorhome. We are willing to pay for these services and feel it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. Therefore I respectfully urge the FCC to reject NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.

Your help in this matter is appreciated.
